Title: PREFABRICATED ADJUSTMENT RINGS AND FRAMES FOR DRAINAGE UNITS AND MANHOLES, MATERIALS DETAILS			
Distribution: <input type="checkbox"/> Main Office(30) <input type="checkbox"/> Local Gov.(31) <input type="checkbox"/> Regions(32) <input type="checkbox"/> Contractors/AGC(39) <input type="checkbox"/> Consultants(34) <input checked="" type="checkbox"/> Materials Details (149)		Approved:  7/16/95 W. J. Brule, Director, Materials Bureau Date	

This Engineering Bulletin transmits Materials Details Drawings for Prefabricated Adjustment Rings for Manholes (715-13). The attached Materials Details have been approved for use by the Materials Bureau for contracts starting with the letting of 9/7/95. (The specification revision, necessary to approve this product, has been implemented under a separate issuance and will be inserted into contract proposals beginning on this date).

The following is a listing of the attached Materials Details:

A. RINGS

Supplier/Location	Type	Materials Details No.	Date
Turner Company Raleigh, NC	AR3	191-TCL	6/28/95

Copies of these Materials Details are available from the Materials Bureau, Regional Construction Engineer and Regional Materials Engineer.

The Director of the Construction Division has indicated that these rings may be used on contracts let prior to 9/7/95 which contain the 604.10 pay item. An order on contract will be required.
